Summary of Survey 2018-23 Last five Years

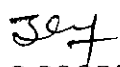

Criteria	Insights of survey	Action to be taken
1. Depth of the course content including project work.	Emphasis on project work and course content	Information should be given to the university to improve the course content Ensure the quality of Project work that should be useful and realistic.
2. Extent of syllabus covered in the class.	Focus on covering the syllabus with a teaching plan	An effective teaching plan is needed for the implementation.
3. Applicability/relevance of curriculum to real-life situations.	Reviewing the Curriculum.	Curriculums should be updated from time to time for better outcomes.
4. Clarity and relevance of study material	A list of Suitable Reference books is not available in the syllabus.	We should inform the university regarding the reference of the course in the designed syllabus.
5. Overall experience with internal assessment.	Proper attention to the internal assessment planning.	A meeting should be conducted with students, faculties, and management to understand their actual problem and find out the solution.
6. Physical infrastructure of the college.	Overall is ok but it should be reviewed.	We should discuss with management to provide the required infrastructure for better academic performance.
7. Collection of books, journals, and reading material of the college Library.	Need to upgrade with the time.	We should review the library facilities of the college and improve the experience of the students and staff.
8. Infrastructure of the Laboratory.	Attention is required for the laboratory and the facilities	We should request management to increase the budget head for procuring the laboratory items.
9. Support and assistance of the college staff.	It is one of the vital areas of the college so proper	More Faculty development and induction programs should be

	attention should be required.	conducted in the coming session to understand the problems of students empathetically.
10. Classes, training, examination results, etc. are regular, fair, and transparent.	The effort is appreciable, CCTV is installed on the campus but a little more attention is required.	A transparent system and counseling are required, we will inform all faculty and administrative staff.
11. Drinking water facility.	emphasis is required to maintain installed types of equipment for the purification of water. The monitoring system should be improved.	Drinking water monitoring should be robust. Frequent and sudden monitoring is required. Upgrade these devices.
12. Washroom Cleanliness and maintenance.	Overall feedback is appreciable but attention is required to take of the maintenance in time.	We should be aware of the students to maintain the cleaning and hygiene. We should employ an extra person.
13. College management's approach to problem-solving.	Frequent meeting between students and management is required.	Interaction between management and students should be increased to understand the views of students and they will be familiar with the authorities of the society.
14. My decision to join the college is right.	Most students are happy to join the institution but a little more attention is required.	We should improve our services and hospitality to some extent.
15. Overall learning environment in college.	Enhancement is required in every aspect of the college.	It is ensured that we are good at developing a better learning environment but little care is required to enhance the quality of staff. We should adopt digital technology to extend the connectivity with students and parents.
