

POLICY DOCUMENT ON ENERGY AND ENVIRONMENT USAGE

20/05/2024

Introduction

The college is committed to sustainable development in all its segments, especially in the way of energy and environmental usage. Through its policy, it implements the various means to be used on the campus and beyond it.

Objectives

- Encourage green practices such as plantation within and beyond the campus.
- Develop awareness among the students and staff.
- To motivate the students and staff to create a pollution-free and healthy environment.
- To reduce waste protection on and beyond campus.
- Initiate various means of energy, water, and environment conservation.

Plan and practices

1. Proper waste management for all types of waste generators in the institution.
2. To use alternative sources of energy for energy conservation.
3. To install and use LED bulbs and tube lights in all areas of the campus to save energy.
4. Use of the four 'R' policies reduce, reuse, recycle, and refuse strictly on the campus.
5. Motivate students and staff and even society for environment conservation through various promotional activities.
6. Maintenance of water tanks, taps, R.O. plant, etc to conserve water.
7. The students are motivated to throw the garbage in the dustbins and say 'NO' to the use of plastic. The volunteers work beyond the college campus to keep the adopted village clean and make the people aware of the importance of health and hygiene.
